

Section 1

This application is open from Sept 17 - Nov 15, 2018. If you are starting this process anytime before Nov 1, **it is strongly recommended that you contact PHENND for a short phone consultation** before spending a lot of time working on it. The conversation will allow us to quickly determine if your proposal is a good fit for the VISTA program, and also allow us to give you advice to strengthen your application. Contact the PHENND office at 215-573-2379 and someone will schedule this for you.

You can save your work and come back to this application as long as you use the same computer.

Note: This application is **only** for nonprofit organizations and university-based programs in the Greater Philadelphia area. **If you are a Philadelphia public school**, we have a different school-based VISTA program and application process. Contact PHENND at 215-573-2379 for more information.

Section II: Community Need

Answers in this section should be 1-2 paragraphs in length.

Please state in measurable and quantifiable terms the specific community need the PHENND Fellow will address through the VISTA project, including the number of people in the community directly affected by the problem.

Describe how your agency addresses or will address this need through a particular program or intervention. Explain the evidence base that guided you to choose this strategy (i.e., how do you know your intervention/program will work to address the problem?)

How will the PHENND Fellow build capacity for that specific program or intervention that addresses the problem described above? *Note: Fellows can build capacity for your agency overall, but those proposals are typically less viable than ones targeted at building capacity for specific programs or interventions.*

Describe the level of community involvement in the Fellow's project. How is the community already involved in this project, either in the development of the idea or in the intended execution?

Section III: Project Plan

VISTA projects typically take place over a three year period and include planning, implementation, and building for sustainability over those three years. A successful

VISTA project has a strong VISTA Assignment Description (VAD) for each year that reflects the activities required to reach each stage of the overall project goal. The questions in the following section relate to the VAD.

For returning sites only, please provide a brief summary of accomplishments to date.

Please describe the overall goal of your VISTA project's three-year cycle. What will be accomplished in each year of the project (particularly the 2nd and 3rd years?) How will the project be sustained by your organization for a 4th year and beyond?

What methods, information, or data will you use to evaluate the Fellow's progress toward the project goal?

Please write the goal for the VISTA project for this coming year (750 characters or less.) This goal should describe the product or service that will result from the PHENND Fellow's activities, show how the VISTA's activities will build capacity to achieve that product or service, and show how this product or service will address poverty.

Please write one major objective related to that goal.

Please write at least three activities the VISTA will need to complete to achieve the above objective above.

Section IV: Supervision/Resources: A successful VISTA project also includes a solid ONSOT (Onsite Orientation and Training plan) and supervisory structure for the PHENND Fellow VISTA. This includes attendance with the PHENND Fellow VISTA at three VISTA/supervisor workshops across the year.

Please provide a brief description of your agency's plan to orient and train your PHENND Fellow VISTA. Be specific about what information will be covered, who will be responsible for conveying that information, and when this will take place.

Please briefly describe plans to supervise the PHENND Fellow VISTA. Best practices include inclusion of the Fellow in all regular staff meetings, as well as weekly formal meetings between the Fellow and his/her direct supervisor.

Please enter the name and title of the Fellow's day-to-day task supervisor. (Please complete, even if this is yourself)

Thank you! By submitting this application, your agency acknowledges that, if you accept a PHENND Fellow, you are obligated to contribute a \$10,000 program fee to PHENND. This is billed quarterly throughout the year in advance of the quarter (i.e. June, September, December, & April) and covers expenses related to the successful management of the PHENND Fellows program.

The PHENND staff may contact your agency to schedule a brief site visit prior to December 15th. Thank you for your application and we look forward to working with you.
