2020 PHENND VISTA Principal Application

Directions.
Note to applicants: In the interest of avoiding duplication of services, this year PHENND reserves the right to reallocate an AmeriCorps VISTA in the event a school also becomes a recipient of a Mayor's Office of Education Community School Site Coordinator. Please feel free to apply to both programs, but know you will not get both programs. Application to the PHENND VISTA program in no way jeopardizes your chances of being selected as a Community School by the Mayor's Office of Education.

Similarly, the School District now has an "Associate Program Coordinator (APC)/Community Partnerships" position that is similar in nature to the PHENND VISTA project. Due to AmeriCorps rules, a school cannot apply for a VISTA to do substantially similar work to a paid staff person, or to replace what was once a paid staff position. Therefore, if your school currently has an APC or have had an APC, you cannot apply for a PHENND VISTA. If you do not get selected for the PHENND VISTA program, you are certainly free to put an APC in your budget for the following school year.

Please contact the PHENND Office if you are unsure about either of these situations and how they might affect your school's application.

Also, again this year, host schools will be required to contribute a $9,000 fee to PHENND to defray program costs and required local match in exchange for a full-time VISTA member. We will make every reasonable effort to reduce this fee if other funds become available.
