

# Maker Space Recreation Service Impact

At the Inc Spot, teens create good stuff. From local service projects to fashion businesses, teens have access to the tools and are empowered to create. **Create with impact.** Through a **service first** lens, teens are quick to find out that giving is getting and whatever you want in life, you must help others get first. Teens work and play collaboratively. And together in the **Teens Inc Leadership Team (TILT)**, learn to lead with positivity, empathy, perspective, and action.

- Our neighborhood
- Education
- Social Justice
- Environment
- Equality

## We are the Inc Spot

Music. Art. Makers.

After school, weekends, and nights at the Inc Spot we are learning sewing and fashion design, knitting, and interior design, playing ping pong, dancing to music, hosting an art gallery opening or planning our next big thing. The Inc Spot is where TEENS CREATE GOOD.

105 Bethlehem Pike  
Philly, PA 19118

**Join today to make a difference tomorrow.**

## Guatemala

Aside from building houses, we also participate in a variety of service activities from assisting at Casa Jackson Malnutrition Center to participating in clothing/vegetable distributions, visiting schools, and serving in the Albergue Santa Madre Homeless Shelter.

*"Having traveled to Guatemala once before I know though we have all worked very hard to go on the trip and will work tirelessly while there, the members of Teenagers Inc. fall in love with every aspect of Guatemala through our service and its people."*

*"I am humbled to be a part of a group that is able to contribute towards improving the living conditions for families both locally and internationally with the help of teenagers like myself."*

*-Anya S., Teens Inc Member*
